Customer Reviews

I was looking for a light snack, and figured I should probably get a coloring book to go with (since people look at you funny when you plunk down a box of crayons and a bottle of Rossi).

Unfortunately, the only adult coloring books I can obtain locally are of butterflies and other foo-foo nonsense. THIS, however, allows me to clearly and colorfully illustrate my dislike for people in a way that no other medium quite manages. Would definitely recommend this to anyone who's packing a box of stuff to ship forward to deployed service members.

Lots of variety in the pictures. Not super intricate...which I enjoy sometimes. The profanity is entertaining and the accompanying art matches pretty well. Pages are a bit thin, but I used gel pens and markers in a few and no bleed through. Solid book, and for the price can't go wrong really.

This is a fun coloring book! Good quality pages

This book is great! I bought it as a funny gag gift for a coworker that had a particularly hard week at work. She laughed for 10 minutes when she saw it! Definitely a great idea! This book also has links to the PDF version, and the information for the illustrators Facebook page. Lots of free goodies there too!

The Adult Coloring Book has very thin pages, I expected thicker pages. The coloring book is for adults only, it's got cuss words all in the pages. I love being able to relieve stress with my coloring book, love the front of the coloring book. Vibrant colors on the outside to make it stand out, it's got 26 coloring pages. The book has unique pages throughout the coloring book, each page is very different. You can even get the digital PDF pages from the Internet. This book helps anyone relieve stress, it's nice to just get away from everything and be able to color while I want it. The adult coloring book has single pages with one coloring page while most have two coloring items on the page.

How can you not love this?!?!A good friend who is now older and dealing with health issues has taken up coloring for relaxation. I've known her for years and everyone knew she has the 'mouth of a truck driver.' Well, when I saw this coloring book, I just had to have it for her. It was the perfect gift! And the fact that it comes with downloadable pages makes it doubly perfect!

The only reason I don't give this coloring book 5 stars is that the paper isn't as thick as I like, so gel pen ink seeps through. You'll want to put something in between the pages if you use ink instead of colored pencils. Other than that, I love this. Not only does coloring relieve stress in and of itself, but the illustrations make me smile and laugh and that's even more stress relieving. ^

Awesome coloring book, not for little eyes or ears of course but it has some great pictures in it adult coloring is already fun when you are stressed but when you are mad and stressed this book is

great, you can color a vulgar picture to make you feel better! Great product that I recommend to everyone who doesn't find adult words offensive totally amazing voice.
