Customer Reviews

You need to be a fan of Heavy Metal and of course the works of "Biz" first. Art appreciation is my top priority so if you are looking for something to read this is not it. A comprehensive collection of well selected artworks, very defined and enjoyable book, A 96 page of fun, expect to be amazed by the handicrafts, inkworks and brushstrokes, color and movement with each character portrayed (Lobo, FAKK2, etc.) rather than computer and technologically enhanced fine arts of illustration that modern artists got fond of. This will be a great coffee table book, a fine reference to Simon Bisley, and be amazed how can he, as an artist and illustrator, play with his imaginations, expressions and talent. Served as my inspiration.

was very good

great addition to my collection
