Synopsis

Some of 5 star reviews from our Verified Purchase customer. Thank you very much. Hilarious! By Kirstan Bedillion on September 12, 2016 " So funny! I had a great time going through the book & reading each of the pages. I'd never even heard of some of the sayings or words. Each page is black with the wording and/or design in white. A little unusual for a coloring book as most pages are all white, however it works very well with this book since it helps highlight the words and pictures themselves. Mixture of easy & challenging pages. Great value! " " NSFW " By Amber Mon August 27, 2016 " Some of the words are surprisingly terrible but that's the point lol" " Favorite Swear Coloring Book Yet! " By JerMarBearon July 21, 2016 " Best coloring book ever! By far my favorite yet of all the swear word coloring books out there! I love the black background because it makes the color pop out even more. If you are looking for a good swear book coloring book this is the one to get!" "love it love it" By Raven Sheehanon July 9, 2016 " I just got this in the mail today & I love it. It'll really give me something I can do & keep me busy in my down time as a stay at home mom, but its also something that I can stop & put down at any time to feed my daughter. This will be a nice stress reliever to focus on something else. Thank you." Let's face it; you're going to have a shitty day. Really appreciable!!! Truly venerate this book! I have been working with a bunch of coloring books consistently, in any case this one must be my top pick. It has stimulating aphorisms and expressions to keep running with the photographs and it even has a zone where you can check your own specific and be creatively antagonistic without any other individual. I exceedingly recommend getting this in case you have some person in your life who loves to shading and has an exceptional clever slant.

Some of the words are surprisingly terrible but that's the point lol

awesome- love them

love these and have been giving them as gifts!
