Illustrations Of The Family Of Psittacidae, Or Parrots

Synopsis

Edward Lear's album of parrots contains the finest illustrations of the family ever produced. Lear (1812-1888) turned his hand to many things in the course of his artistic and literary life; landscape painting, nonsense verse, and the illustration of birds and reptiles. His work as a natural history draftsman lasted little more than the first decade of his career, until his eyesight became too weak for the detail of feathers and scales. The Psittacidae is Edward Lear's most remarkable achievement: he conveyed with telling sympathy the carriage of a bird, the grasp of the claws, the tilt of the head, its grave, curious, or quizzical expression. The book, first issued in parts, was drawn, lithographed, and published on a shoestring by Lear himself in a tiny edition.

Commentary by Robert McCracken Peck.

Book Information

CD-ROM: 120 pages

Publisher: Octavo; Cdr edition (January 2003)

Language: English

ISBN-10: 1591100089

ISBN-13: 978-1591100089

Product Dimensions: 0.2 x 5.5 x 4.8 inches

Shipping Weight: 2.4 ounces

Average Customer Review: 5.0 out of 5 stars Â See all reviews Â (1 customer review)

Customer Reviews

An excellent cd. Even the 1973 reprint of the book fetches over Â £500 these days so the cd is particularly welcome. I found the colour and reproduction to be first class throughout. To be recommended John Whitaker,
