The Hipster Coloring Book

Synopsis

Everyone knows what a hipster isâ "or do we? Here's a proper introduction, with arty fun for hipsters and their friends and frenemies. Enter their world, from the coffee shop to the indie-film screening. Find out what they keep in their cool vintage bags, what they wear, how they travel, and what they get up to on the weekends. Enjoy and color their favored hairstyles, pets, tattoos, and more. Entertaining, exquisitely drawn, and engagingly satirical, this unique collection leaves no coffee pot unpercolated in the hipster milieu! Drawing on her keen observation of hipster habits, Charlotte Farmer has created the book every hip person will pretend not to wantâ "but will secretly covet. And who knows? You just may find a little bit of YOU inside!

Customer Reviews

The images are just fantastic! I love how quirky and well drawn they are. Unfortunately I dislike the paper quality and thickness. It is printed on mediocre, thin paper that bleeds and doesn't have a really good grain so blending is difficult. It seems like a waste of excellent images. I might just photocopy images onto better paper for a more pleasant coloring experience. So far colored pencils and gel pens seem like the best tools- markers bleed through sadly, and the pages are double printed so you end up ruining other pages.Edited to add: photos of marker bleed, blending with color pencils.

This book was quite a bit thicker than I expected for an adult coloring book. These were gifts for my

student assistants and they loved them! The varying illustrations are fun, funky and unique!

The images are humorous and fun to color. The lines are just right for sharpened colored pencils. The downside is that the paper quality has a lot to be desired. It's too smooth and does not allow colors to blend very well. I prefer using colored pencils over ink.

This was a gift for a friend I tease about being a "hipster" she loved it, we had good laugh. I would recommend it
