Customer Reviews

Very good designs of varying levels of complexity. Some are simpler (but good!)- will be useful for when you're sick or not in the mood for a huge challenge. Others are more complex!!! A few might be done with crayon/bigger marker-most need ultra fine point markers, gel pens, or colored pencils I highly recommend!

I got this for my 7 year old and she loves it, I've been buying these types of coloring books and a set of gel pens for gifts for birthday parties lately and they are very well received. I also love to sit down with my kids and do these together.

Very nice designs big and on only the right side of the page. First time using something like this and it does seem to help with stress.

Good book!

I am 60 years old but I still love to color ^œ I love my coloring bookâ•¶•
