Customer Reviews

...this collection of Mallory Pearce's excellent illustrations includes a CD-ROM with the book's graphics saved in BMP, EPS, GIF, JPEG, PICT, and TIFF formats. Have fun with the shore birds, crustaceans, mollusks, echinoderms, Porifera, Coelenterata (I looked the last two up), and flora! Great to use on faxes, letters, and envelopes. This may turn out to be my favorite Dover clip art + CD-ROM collection since "Food and Drink Illustrations" ISBN: 0486999440.

I was very disapointed in this book. I expected a lot of clip art of different sea creatures, but instead the book only has a few species in a lot of different sizes.

As an artist, I'm always looking for material that will inspire me. I love the Dover books and have bought several of them through the years. They can also be a wonderful teaching aid for small

children. A library filled with these books will never go out of date.
