The Art Of Sanjay's Super Team

Synopsis

In the new short film from Pixar Animation Studios, Sanjay's Super Team, accomplished artist Sanjay Patel uses his own experience to tell the story of a young, 1st generation Indian boy whose love for western pop culture comes into conflict with his father's traditions. This art-filled peek behind the curtain of this groundbreaking film is sure to excite Sanjay's legion of fans, and thrill animation lovers around the world.

Customer Reviews

Length: 1:38 Mins

I actually enjoyed this 7-min short film more than The Good Dinosaur that followed. There are several things about Sanjay's Super Team that I really like. First is how different the idea and concept is compared to all other different Pixar films. It's actually something about culture and religion. The second is the action scenes that are really dynamic, impactful, almost anime-like. And third is the beautiful lighting and set design. All these are discussed in the book. This 130-page hardcover is a wonderful companion to the short film. It collects plenty of concept art with commentary by director Sanjay Patel and other artists who worked on the film. There's a touching introduction about how Sanjay's father and the Indian culture inspired the story. Throughout the book, there's interesting details on how the characters came about and how storytelling was to be approached. The artworks are also fantastic. There are storyboards, designs for the characters and the temple set. All are drawn in a very stylised manner that's can be considered similar to picture

books that Sanjay Patel has worked on. There's so much depth and information compared to the recent Pixar artbooks that are almost wordless, e.g. *The Art of Good Dinosaur* and *The Art of Inside Out*. I'm relieved that my money is well spent this time. It's a very nice book.

I finally picked this book up after seeing the mindblowing animated short. I've been a fan of Sanjay's work for a long time and this book does not disappoint. The artwork is beautiful and really does justice to the visual development process of any animated film or short. The story of the short centers on bridging the cultural gap between a father and son. The father wants his son to embrace more cultural stories from their native ancestry but little Sanjay only has eyes for western American superhero characters until he enters a world where the two can unite to help him defeat a powerful enemy. As with a lot of Pixar shorts, this story is told with no dialogue, just the animation and character pantomime. The book is filled with great sketches as well as finish still shots to entice and inspire any reader or artist. Great styles and character designs, great color. A must have art book. I can't wait to see what he does next.

Amazing! Gorgeous art and rare insights into the process of animated short film making. A must for any Art of collection.

Gorgeous illustrations, I wish I could have some of the spreads as posters!
