Customer Reviews

I bought this book as something fun to play on trombone. I have been playing Trombone for five years and the book seemed pretty easy to pick up. I wish i had purchased my first year of playing just for the fun of it. Great for beginners and fun for advanced players. Great book. Also the shipping was very fast. I received the book about three days after ordering. highly recommended for people just starting or professionals.

Excellent book! My little second year Trombonist now has some great material to play that's far better than just the rudimentary stuff they're teaching in school! It essentially has him playing the melody (lyric) to the songs!

Trombones are awesome. Play legendary music and feel it come alive with these easy to play pieces. Great music scores will whisk you back to a better era. 92 songs in all.

This book made a great gift for my partner's father who plays the trombone. He loved it and the music was awesome!!
