Love this book! Exactly what I was looking for. It has a lot of coloring pages with geometric designs. Coloring in the detailed parts really helps me relax. There is one picture on each page, nothing on the back, which I like so I can frame the page or put it on the wall near my desk.

Got this book on the advice of my therapist and I am so glad I did. I am new to the world of coloring and did not know what to expect. He suggested it for my work related stress and I have noticed a difference. Especially right after I finish a page. I feel good. If you have stress this might help you too.

I bought this for my mom she is loving it, after my dad died she really hit a rough patch. This book has help her to relieve stress and help her to be more creative. I highly recommend you get this for a person that you love.
