## **Customer Reviews**

If you like the cover picture, you will love this book, it is filled with imaginative, flowing, free form, interlocking and overlapping designs similar to the cover picture, most are bordered plus fill most of the page, some are circular, in mandala form centered on the page and 3 have combined the two types. I am adding pictures of the three types for you. 1. 31 Illustrations printed one per page (The back of each page is blank) on heavy weight, bright white, paper. Perforated for easy page removal. 2. All of the markers I tested leaked through the page at least a little in my test, so place 2 pieces of paper under the page you are coloring to prevent damage to the next picture, or remove the page from the book. Markers tested (Bic Mark it ultra fine, Sharpie ultra fine, Staedtler Triplus fineliners and Fibre tip, Stabilo point 88, Pentel fine point, Crayola Skinny.) 3. Illustrations included: 17 illustrations similar to the cover picture, 11 circular mandala types, centered on the page, with the

same free form entangled patterns as the cover. 3 combining the two types, a full page with a circular mandala as the focal point on the page.4. Details vary with in each illustration from tiny to large, so this book is perfect for colored pencils. Markers will work well but most of the pictures have at least some tiny details that an ultra fine marker works on better than a fine, however a combination of Ultra fine and Fine would be the perfect coloring medium. Some areas in each illustrations are a bit small for Fine tip markers and some a bit large to color with ultra fine.Tips:1.
