Customer Reviews

We ordered this book as it is required for one of our sons for band. It arrived perfect, crisp and clean, no issues at all. We were able to get it for a few dollars less than the local music store offers

it for, so that was a bonus. A great book series for those learning any instrument,,,though ours is specifically for trumpet, the Essential Elements books are available for all band instruments. Super great!This product was purchased at regular price using no coupons or discount codes. I am sharing my experience in purchasing this product simply to help other consumers make informed decisions.

I like the product but would prefer a DVD as in level 1, instead of CD. Also, the CD did not include all of the music in the book, as did level 1, & I am unable to find the optionsl CD's that have the music.

Was disappointed to find it did not have the CD that is supposed to come with it and then to see that it had a clearance sticker on for 1/4 the price I paid. The empty CD envelope is still in the back of the book. The book itself is in good condition and the drills and practice pieces seem to be a good variety and levels of challenge. Just disappointed because my decision to purchase this was based on the combo of both a book and CD.

Overall, the book was more like a review than a lesson. But it was still helpful because though it was pretty easy, it pushed me to work on my actual tone and sound other than just getting the right notes. It didn't take long to get to my house either.

I got this book and it has really taught me a lot. It has lots of step by step instructions and is a great book. Great book for beggining trumpet players!

It arrived on time! And I was able to do my assignment for class. The email notification was the best part of the experience. I was informed where my package was every step of the way

This is Book #2 for beginning Band in Middle School for my son. It arrived fast...price was the same as in the store...and was IN STOCK!!!

Exactly the book my kidlet needed for her band class at school and I got it for less than the local music store sells it for! Thanks!
