Very useful but drawback the SmartMusic Software which comes with it is VERY AWESOME in my

book will not work on Win 7 or 64 bit machines. The new version of SmartMusic 2011 which now is available through an on line tutoring class for a yearly fee. But even if you just know that the SmartMusic on the CD that comes with with this CD/DVD/Book package it is outdated it is still useful for the DVD and Book combo that work together. I Went ahead and got the new 2011 software and tutor plan at [...] for use with my Win 7 64 bit machine and this program works wonderfully now and I have found it VERY useful.

What can I say? It was required for band. She used the first book last year, and this second book this year. Just flipping through it, it would seem that a person could use these books to teach themselves how to play. Shows the fingerings and level appropriate sheet music to go along with it. Also the CD is a nice addition for using at home.

Nice flute book. Only disappointment was that I had to order the cd separate after receiving the book. It would have been nice to be able select a cd or internet download at the time of purchase. Cd came fast though through the free mail order.

The perfect companion for the first volume. Exercises and tunes tackle difficulties step by step, one after another. In fact, you learn to play... as you play. Very effective when used in conjunction with the Smartmusic teaching program. Recommended for all beginners, whatever their age (I'm 52!).

I bought this brand new for my daughter to use in school for band class. Just noticed that after page 16 comes 9 -16 again! Followed by pages 33-40...then 33 -48!! I will now have to purchase another book since so much is missing. Clearly something went wrong when the book was put together. The material that IS there is exactly what we needed.... I am just unhappy that so many pages were left out!

Very good book for my son, a future "Philharmonica First Chair Flutist" (although today he can barely hold a good tone heh, heh, heh. The CD that's included is very helpful as well.

We needed this as a required book for my daughters middle school band. It arrived in great condition/new. She is enjoying the book. Thanks!

This book I got for my daughter for band. The teacher told her that it didn't have the 2000 logo so it

was not the right one.
