Garfield 2016 Day-to-Day Calendar

Synopsis

Excitement! Adventure! Action! Not on your life! The only thing active about Garfield is his imagination. But there is humor galore in store in this daily calendar. Each page shows a full-color Garfield comic strip featuring the witty kitty doing what he does best: eating, burping, swatting spiders, and dreaming of donuts. It's enough to make a tubby tabby all tuckered out. Time for a nap!

My son got this for xmas and was very happy with it. The only problem is that the used pages won't stay on when you flip them up for the current day. I told him we would make a collage out of all the comics from the past pages.

One can't go wrong with Garfield if you have that sense of humor. Most do apparently since he's been with us for so many years. I also use yellow stickies on pages when I want to remind myself of something. And lately the size of the date has been important to me because it's large enough to see from any place in my 9 x 13 room/home.

I have gotten these calendars for Christmas as a kid, and purchase one every year since the 90's! I absolutely love them, my only complaint is the removal (it happened several years ago) of Sunday strips. Still a great item however, and I will continue to purchase this yearly!

Ready for 2016 with my desk calendar. The comic strips are in color, which is a bonus and it's not an oversized calendar, like the ones usually ordered from my job. It's perfect.

Very cute calendar but the plastic part that folds out will not stay open, every time i pull off a page, it falls down.

This calendar is highly recommended for fans of this adorably narcissistic cat. I love to read every day a new moment in the life of Garfield and his friend Jon

I purchase one of these every year as a Christmas present for a Garfield lover in my life. He and I are never disappointed! Very cute product. Thanks!

Really cute desk calendar. Makes a really fun gift for any Garfield lover. Bright and colorful comics for all year long!
