This is the piano folio to the 2004 film of " The Phantom of the Opera", based on the Musical of the same title by Andrew Lloyd Webber and Charles Hart (with additional lyrics by Richard Stilgoe).

The notation is the same as it is in the Phantom of the Opera piano vocal book to the stage musical (with the logo white mask on the cover and the shattered glass looking title lettering). There are a few differences though. 1 This book contains photos from the film instead of the show. I can't recommend one or the other both are beautifully photographed so that part is up to you which you like better and would rather buy in a piano book. 2 While the arrangements are the same, the font size is slightly bigger in here which makes it easier to read. A big plus for this edition. Also, in Prima Donna raoul's line " Christine spoke of an angel.." is included in the music. 3. This version contains three new pieces written by Andrew Lloyd Webber solely for the film version. The Contents are Think of Me, ANgel of Music, Phantom of the Opera, Music of the Night, Prima Donna, All I Ask of You, Masquerade, Wishing you Were somehow Here Again, Point of No Return, Journey to the

Cemetery, The Fairground, and Learn to Be Lonely.A note on the pieces themselves. The skill level at least is late intermediate to advanced. The songs change keys frequently and can be quite difficult in to that extent, or if they dont' change, the keys that they are in already can be challenging.A run down of the starting keys per tune (and to let you know if there are key changes at least, since going through all of the different keys one by one can take a while.)Think of me, Dmajor, that is 2 sharps..... key does change mid way throughAngel of Music B flat Major, two flats.....
