Instant Harmonica: Quick And Easy Instruction For The Beginner

Synopsis

(Book). Instant Harmonica is the book that makes learning harmonica fun and easy. In no time at all, students will be blowing a variety of tunes on their harp. The book includes a combination of tablature and EZ-Play notation and over thirty all-time great country and folk songs. Works with any ten-hole harmonica.

Customer Reviews

I have used this book to teach harmonica for over four years. It is very simple, inexpensive and doesn't get involved in so much nonsense, a common flaw in beginning harmonica books. There could be far more songs--far more extensive tips--but it is a small, easy to carry book, and decisions had to be made about content. It does have enough tips and songs to serve the beginner well. I've used it--and continue to use it.

I found the book very easy to read and helpful. It has anything from cleaning your harmonica to music. Within a few hours I had learned almost half the book, before hand I never knew how to play a song on a harmonica. I would recommend this book to anyone who wants to learn how to play a harmonica quickly.

No real advanced harmonica lessons in this little book, but the price is right and it a good start for

the harp beginner. Also going for it, the book has a lot of songs set in simple harmonica notation.

good product for the price; I memorized 2 of the tunes in it already, and I can easily follow a few more or the advanced ones in the book. contains some recognizable favorites; the authors system/tablatuure is easy to follow

This approach is the best I've seen for teaching harmonica, especially to those with no prior music education.

Very fun and clear instructions. Simplifies learning to play the harmonica. Now all I need is practice time.

My son just received a harmonica for Christmas - he is a law student at LSU - I bought him the book so that he could learn to play - he stated that the book was easy to follow and moved quickly - he loves it! It was shipped promptly and in excellent shape - thanks!

My father, who is 70, was delighted to get this book. He's had a harmonica for years, and has actually started playing again. He says he should be able to use this book easily. Tonja Taylor, author of LEGACY: Crafting Your Child's Future With Words
