# Ukulele Chord Dictionary: Handy Guide (Alfred Handy Guide)

## Synopsis

This handy reference guide fits into your ukulele case or pocket and is organized in a unique dictionary style, making it easy for you to find any chord quickly. There are sections on how to read music, tuning, movable chords, and chord derivations. An easy-to-use fingerboard chart is included which shows all the notes on the fingerboard.

Series: Alfred Handy Guide

Paperback: 48 pages

Publisher: Alfred Music (June 1, 1978)

Language: English

ISBN-10: 0882842080

ISBN-13: 978-0882842080

Product Dimensions: 0.2 x 4 x 10.5 inches

Shipping Weight: 0.3 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 starsÂ  See all reviewsÂ  (162 customer reviews)

Best Sellers Rank: #10,579 in Books (See Top 100 in Books) #5 inÂ  Books > Arts & Photography > Music > Instruments > Strings > Ukuleles #14 inÂ  Books > Arts & Photography > Music > Instruments > Guitar #145 inÂ  Books > Arts & Photography > Music > Theory, Composition & Performance > Instruction & Study

## Customer Reviews

Many of the reviews here are focused on how valuable this book is to a completely new student of the ukulele. These reviews are completely warranted. The book starts assuming you know nothing about a ukulele at all and shows you how to do everything from how to hold it to how to read a chord fingering chart. The "tons of chords sorted by root letter name" pages are also exactly as described. Each page has darned near all of the chord variations you're going to see for that named chord key and the type IS as large as some have complained. (Clearly those folks who complain have never shared fingering charts at a group strum. Even if your eyes are great, the person sitting next to you may need trifocals.) These charts will answer all fingering questions quickly and efficiently....but the usefulness of this book does not end with beginning players. Intermediate players looking to move into accompaniment, soloing and jamming with others will also find a huge amount of usefulness in this book. The section on movable chords is like having a copy of the crib notes version of Fretboard Roadmaps (1423400410 with you. Additionally, there is an entire two-page chart on chord

accompaniment in the back with cheat sheets on playing in each of the major and minor keys, along with related chords. And then there's ALSO a quick cheat sheet in the back for the "I know this, but it's slipping my mind" topics on major/minor keys and their signatures and the tonic structure of each chord type for those times when you can't remember if a Minor 7th has a flat 7th or not.
