# Block City: Incredible Minecraft Worlds: How To Build Like A Minecraft Master

## **Synopsis**

Minecraftâ "a humble computer game about placing blocksâ "is a global phenomenon that has captured the imagination of more than 36 million players around the world. Often described as a digital version of LEGO, Minecraft offers an open-ended playing field where players design and build environments that others can explore. For many users, the gameâ "TM's â œcreative modeâ • is its most appealing feature: The game is helping to shape a generation of young architects, designers, and artists. The most impressive and spectacular achievements in Minecraft design are its cities, which range in style from contemporary realism to fantasy, from historical to futuristic. The product of thousands of hours of work by devoted Minecraft players, these virtual places are the envy of millions who aspire to master the skills to create them. Block City presents a collection of amazing Minecraft cities created by masters, with step-by-step tutorials for readers to build structures and features themselves.

## **Customer Reviews**

An AMAZING collection of Minecraft creations, featuring the #1 map of all times; Simburbia! Not only are the builds in this book incredible to look at, but they represent hundreds of amazing artists and creators who shared their passion through simple 3d blocks.

This book is rarely out of my son's hands. My son has used this to create all kinds of cool things in the game and he loves to share them with anyone who will look. If you have a child who is creative or just loves to make things on Minecraft this would be a great gift.

Bought this book for my 7 and 11 yr old Minecraft addicts and they have actually taken the time to read it and build more elaborate designs in their games.

This book has given me some great tips and ideas on how to builder better in Minecraft.

Great gift for the Miner in your family. Great ideas and directions to build almost anything you can think of. And basic design models that are easy to follow.

Bought this for my 8-year old Minecraft fan. He flipped through it, but didn't seem that interested. Guess the designs were just too elaborate to be of interest to him.
