## Customer Reviews

My teenage daughter plays several instruments, and played recorder in elementary school. She wanted to start playing it again, so I purchased a wooden recorder for her (The plastic ones are just obnoxious and sound like a cheap whistle). She is also a huge fan of anything Disney, so I thought this book would be a fun way to get her back up to speed. I assumed from the description that it was geared towards younger kids, but I thought it would assist her in practicing a little, to remember the fingering, and at the same time be a lot of fun for her. This book has only PART of each of the songs it lists as having. For example, "Let it Go" has only from the middle of the first verse "Don't let them in, don't let them see"...to the end of the first chorus: "The cold never bothered me anyway." Hal Leonard usually has very good instructional books and sheet music. Very disappointed in this purchase. This is a book of excerpts of about 9 songs, nothing more. Don't waste your money.

very easy to read music.

The photo shows a recorder that appears to be attached to the book. It doesn't come with a recorder. Total waste of money.

Arrived quickly, great little book for a recorder.

Kids love playing the songs on their recorders.

Was a gift for my grand daughter.
